2014 Field of Dreams Conference

We would like to thank everyone who attended this year’s Field of Dreams Conference, it was a wonderful success! There will be an in depth report of the conference events in the December newsletter, but please in the meantime take a look at some of the conference photos on our Flickr page.

Make sure to send your feedback on this year’s event by filling out the online evaluation survey; it will help tremendously as we plan for the 2015 conference.

Also, if you took pictures during the conference and would like to share them, send them to miles-dietz@uiowa.edu and we will add them to our Flickr page & website.

Biostatistics Epidemiology Summer Training (BEST) Diversity Program
Columbia University Mailman School of Public Health
May 26-July 17, 2015

Applications now being accepted for 2015 BEST Program. BEST was established to expand and diversify the behavioral and biomedical sciences’ workforce by introducing undergraduates from underrepresented populations to biostatistics and cardiovascular and pulmonary disease research. Students representing racial and ethnic minority groups, disadvantaged backgrounds, and students with disabilities join the Department of Biostatistics at Columbia University’s Mailman School of Public Health’s for eight weeks of research, training, academic and career planning, and social activities around New York City. Click here to learn more and apply!

Iowa Summer Institute in Biostatistics (ISIB)
The University of Iowa
May 30-July 17, 2015

The University of Iowa Department of Biostatistics hosted the 2014 Iowa Summer Institute in Biostatistics (ISIB). This is the 5th year of this 7-week program, directed by Dr. Gideon Zamba. Nineteen undergraduate students from 18 colleges and universities across the United States & Puerto Rico came to the University of Iowa campus to learn about the field of Biostatistics & experience hands-on applied research. The students attended a course in the fundamentals of biostatistics & were divided into 7 project groups, each mentored by a Biostatistics faculty. The program culminated in a Research Symposium where they presented the results of their research project.

ISIB 2015 will be held May 30-July 17, 2015. Applications are now being accepted on-line. Required application materials include current résumé, statement of interest, & unofficial transcripts. You will also need to request a letter of recommendation from a mathematics or statistics faculty to be emailed to isib@uiowa.edu. Questions regarding the summer ISIB program may be directed to terry-kirk@uiowa.edu.
The School of Arts and Sciences invites applications for two tenure track positions in Mathematics within the Department of Mathematics. This appointment is expected to begin August 1, 2015. Review of applications will begin December 1, 2014 and will continue until the position is filled.

Job duties include teaching both upper and lower division level mathematics courses including learning support mathematics courses as well as participating in departmental and college committees. Candidates will be expected to have a commitment to excellence in teaching, to professional development, and to serving students in a collegiate setting. In addition, the candidates will be expected to work cooperatively with others and be willing to teach both day and evening classes at the Brunswick campus or the Camden Center location as needed.

Essential qualifications include an earned doctorate in Mathematics, Applied Mathematics, or Statistics from a regionally accredited institution. The successful candidate will be expected to teach all level of mathematics from developmental mathematics through senior level math courses. The successful candidates will have a commitment to service learning and will be expected to engage with the college service learning program.

Area of research/interest in Applied Mathematics is strongly preferred. Previous college teaching experience is desirable. Other preferred qualifications include organizational, mentoring, interpersonal skills, computer literacy and the ability to utilize technology in the classroom.

---

California State University, Fresno (Fresno State) is currently searching for two tenure-track, assistant professors of mathematics with specialty in Analysis (position No 12385) and Math Education (position No 12345), to join our faculty in August 2015. Details about these positions may be found at http://www.fresnostate.edu/csm/math/employment-opportunities.html.

Fresno State is a Hispanic-Serving Institution (HSI) that strives to provide excellent academic experiences for students of diverse backgrounds. Hence, ability to demonstrate a commitment to working effectively with faculty, staff, and students from diverse ethnic, cultural, and socioeconomic backgrounds is required.

Fresno State offers competitive compensation, straightforward tenure requirements, and a collegial environment that balances teaching excellence and scholarly contributions. All applicants must submit an application online at jobs.csufresno.edu no later than December 19, 2014, when our search closes. California State University, Fresno is an affirmative action/equal opportunity institution.

For inquires, contact: Dr. Oscar Vega, Search Committee Chair; Department of Mathematics; California State University, Fresno; 5245 N. Backer Avenue, MS PB 108; Fresno, CA 93740-8001; Phone: 559.278.4903; E-mail: ovega@csufresno.edu.
