Faculty, Exhibitors, & Doctoral Students –

- Please make sure to register using the online registration form as soon as possible!

- If you would like a table during the Exhibitor Fair on Friday & Saturday make sure to include this on your registration form.

- Exhibitor Fair participants please send any materials you would like to include on the USB drive that will be distributed to all attendees to miles-dietz@uiowa.edu no later than October 1st.

- After October 6th room rates will increase! Make sure to get your hotel reservations before October 6th in order to get the Alliance group rate.

- If you are a graduate student planning to attend and present a research poster please make sure to register and let us know as soon as possible!

We hope to see you in Birmingham November 6-8, 2015. Click here For more information about the conference. Contact us at mathalliance@uiowa.edu if you have questions about the Field of Dreams Conference.
MSRI invites applications for 40 Research Professors, 200 Research Members, and 30 semester-long Post-Doctoral Fellows in the following programs: Geometric Group Theory (August 15–December 16, 2016), Analytic Number Theory (January 17–May 26, 2017), and Harmonic Analysis (January 17–May 26, 2017). Research Professorships are intended for senior researchers who will be making key contributions to a program, including the mentoring of postdoctoral fellows, and who will be in residence for three or more months. Research Memberships are intended for researchers who will be making contributions to a program and who will be in residence for one or more months. Post-Doctoral Fellowships are intended for recent PhDs. Interested individuals should carefully describe the purpose of their proposed visit, and indicate why a residency at MSRI will advance their research program. To receive full consideration, application must be complete, including all letters of support, by the following deadlines: Research Professorships, October 1, 2015; Research Memberships, December 1, 2015; Post-doctoral Fellowships, December 1, 2015. Application information can be found at https://www.msri.org/web/msri/scientific/member-application.

It is the policy of MSRI actively to seek to achieve diversity in its programs and workshops. Thus, a strong effort is made to remove barriers that hinder equal opportunity, particularly for those groups that have been historically underrepresented in the mathematical sciences. Programs funded by the National Science Foundation.
