

University of California, Merced

Applied Mathematics

Required	Strongly Recommended	Minimum Requirements	Other factors
<p>The General GRE score is required by the Division of Graduate Studies.</p>	<p>Complex Analysis. Partial Differential Equations and Numerical Analysis are important supporting courses. Programming skills are equally important.</p>	<p>Lower division Calculus and Linear Algebra, Multivariable Calculus, Differential Equations with Boundary Value Problems.</p>	<p>Research experience is a plus. Interest in application areas outside of mathematics will be viewed positively. Letters of recommendation play a critical role in the evaluation.</p>
