

2014 Field of Dreams

Undergraduate Participants

This year 242 Alliance Scholars submitted their application to be considered to attend the 2014 Field of Dreams Conference. From this applicant pool 187 scholars were selected to attend.

Undergraduate Scholar Breakdown

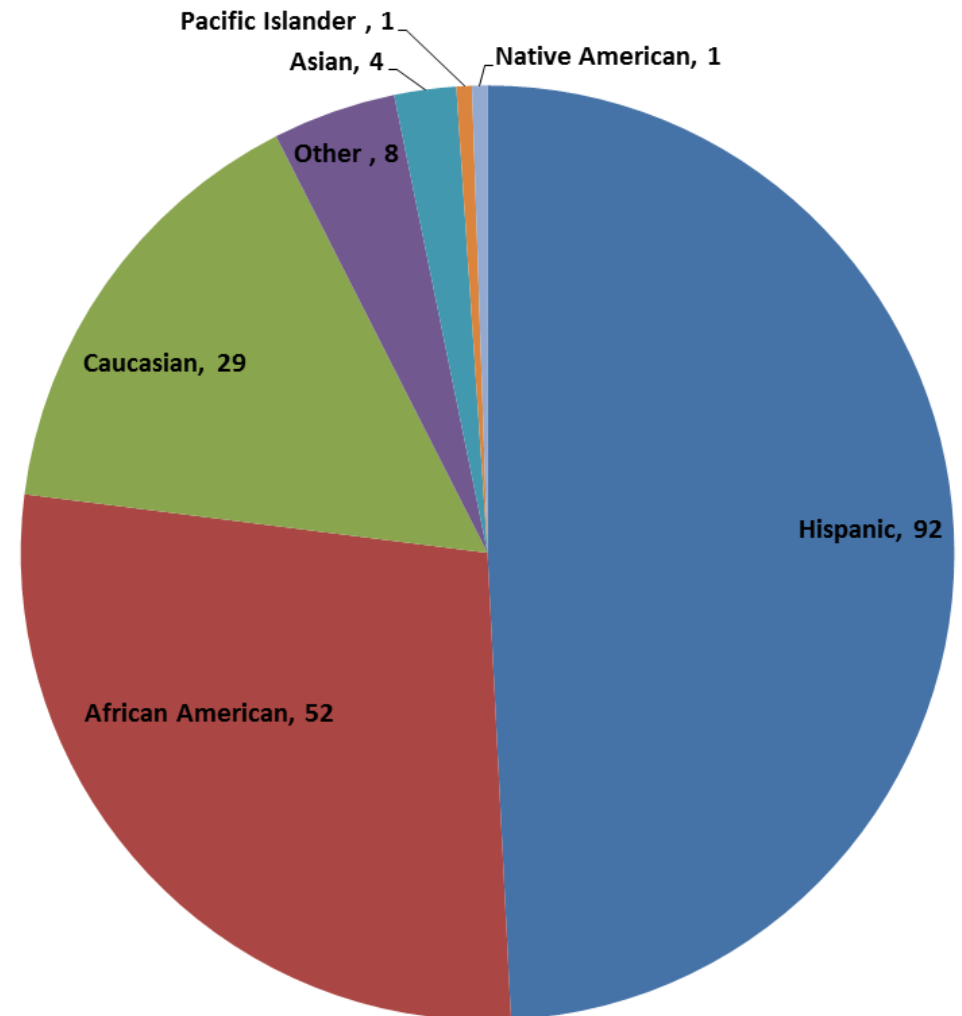

9 Sophomores

40 Juniors

129 Seniors

9 Masters

*of the 138 graduating seniors (including the MS students), 85 scholars participated in the Facilitated Graduate Applications Process (F-GAP)

2014 Field of Dreams Exhibitors

This year we had a record number of 54 exhibitor tables during the fair on Friday & Saturday. Exhibitors included a large variety of graduate programs in mathematics, statistics, and biostatistics; as well as summer programs and representatives from government and industry. Below is a list of the 2014 exhibitors.

Arizona State University- Applied Mathematics in the Life & Social Sciences

Arizona State University- Mathematics & Statistics

Bryn Mawr College- Mathematics

Cal Poly Pomona- Mathematics & Statistics

Center for Communicable Disease Dynamics, Harvard SPH

College of Coastal Georgia- Mathematics

Duke University- Biostatistics

EDGE Program

Emory University- Biostatistics & Bioinformatics

Grand Valley State University- Summer Mathematics REU

Harvard School of Public Health- Biostatistics

Institute for Computational & Experimental Research in Mathematics (ICERM)

Institute for Mathematics & its Applications (IMA)

Iowa State University- Mathematics

Kansas State University- Mathematics

Kean University

Mathematical Biosciences Institute (MBI)

Mathematical Sciences Research Institute (MSRI)

National Institute for Mathematical & Biological Synthesis (NIMBioS)

North Carolina State University- Mathematics

North Carolina State University- Statistics

North Dakota State University- Mathematics

Northwestern University- Mathematics

Oregon State University- Mathematics & Statistics

Park City Mathematics Institute (PCMI)

Purdue University- Mathematics

Purdue University- Statistics

Reasoning Mind

Smith College- Post baccalaureate Program

Statistical & Applied Mathematical Sciences Institute (SAMSI)

The Ohio State University- Mathematics

The University of Illinois at Urbana-Champaign

The University of Iowa- Biostatistics

The University of Iowa- Educational Measurement & Statistics

The University of Iowa- Mathematics

The University of Nebraska- Mathematics

The University of Puerto Rico- Mayaguez- Mathematics

Tulane University- Mathematics

University of Alabama at Birmingham- Biostatistics

University of Arizona- Math, Applied Math, & Statistics

University of California, Merced- Applied Mathematics

University of Colorado Boulder- Mathematics

University of Georgia- Mathematics

University of Kentucky- Mathematics

University of Minnesota- Biostatistics

University of Missouri- Mathematics

University of Northern Iowa- Mathematics

University of Rochester (NY)-Biostatistics & Computational Biology

University of Texas at Arlington- Mathematics

Valparaiso University- Mathematics & Statistics

Washington State University- Mathematics

Washington University in St. Louis- Mathematics

Wayne State University- Mathematics

Williams College- Summer Research Experience

2014 Field of Dreams Participant Distribution

There were nearly 325 participants at this year's conference coming from over 110 different institutions!
